I like this school.

I like how we have many breaks like trips so we don't need to be doing the same thing everytime. The saftey in this school is good because this school can do the smallest of things for example : adding the rail in the top playgroud for children who are carrying things. Plus I like the new bands people wear so we know who they are and the playground bands so the teachers know were we are for our saftey. I like this school but it is sad that we are going to leave this year! :]

Bullying is a very bad thing but for bullying to happen the person who is mean to you, does everyday when you come to school and when you go home. If someone is bullying you or being mean to you when you are playing or doing something always tell to stop but if they don't listen tell a teacher and they will sort it out or tell someone. And always be happy when you are going somewhere or you are

going to school and back from school to home. And never be rude or say rude words to people or anyone and also be very safe no matter where you are at school or at home. If a stranger tells you something or does something don't talk to th
