

Holy Family Catholic School

Year 2 Autumn Termly Learning plan

Subject	Focus
Religious Education	<p><u>Old Testament Stories</u></p> <p>The children will be learning a variety of Old Testament stories throughout the Autumn term. Year 2 will begin to develop a wider understanding and deeper knowledge of the Catholic way of life. Building on foundations from Reception and Year 1, the children will begin to establish the importance of God and how he can affect their lives. Some of the stories will include; Noah, Abraham, Isaac, Jonah, David & David. Our virtues for this term are loving and compassionate.</p>
English	<p>The children will continue to develop their spelling, grammar, punctuation and comprehension skills through Literacy lessons and guided reading sessions. The grammar focus will be understanding how sentences are formed. We will do regular work on capital letters and full stops to embed their understanding. Our literacy topic this term will be looking at Traditional Tales, where children can build on their knowledge of nursery rhymes and fairy tales from Reception and Year 1.</p>
Mathematics	<p>Children will be developing their knowledge of number and place value this term. The children will be learning how to recognise the value of a digit in a 2 digit number (28 = 20 and 8, 2 tens and 8 ones). We will be using the Singapore Maths model to help encourage children to understand, draw and apply their mathematical knowledge. Throughout the year, we will also be learning the 2,3,5 & 10 timestable.</p>
Science	<p><u>Human Body including Animals</u></p> <p>The children will be developing a greater understanding of their own body, and comparing it to that of animals. Learning and understanding about our skeletal system will provide children opportunity to question what their body does and how their body works. Alongside this, we will be learning about correct nutrition. What food groups/types there are and how they affect our own bodies.</p>
Physical Education	<p><u>Gymnastics</u></p> <p>Children will develop their gymnastics skills by creating balances formed from various shapes/numbers/buildings. They will complete partner balances to understand how to hold their own weight. The children will also complete rolls, jumps and other dynamic forms of gymnastics to develop a wider range of knowledge.</p> <p><u>Football</u></p> <p>The children will be learning the art of attack and defence. We will be using ball manipulation to gain greater control of the football, and start to become more spatially aware of the things/people around us. We will look at moving into space and receiving a football from a team mate, allowing us to invade the other teams half.</p>
ICT	<p><u>We Are Game Developers</u></p> <p>The children will plan their own simple computer game. They will design characters and backgrounds, and create a working prototype, which they will develop further based on feedback they receive.</p> <p><u>We Are SAFE!</u></p> <p>The children will learn how to be SAFE on the Internet. Developing a greater awareness of risks and preventions, the children will become much safer and knowledgeable about harmful things and people they can find on the internet.</p>
PSHE	<p><u>SEAL</u></p> <p>Throughout the Autumn term, children will be developing a greater awareness for their own body, and how it differs to others (boys & girls). Also, they will begin to understand how to maintain and manage their emotions around their peers.</p>

MUSIC	The children will continue to build upon their knowledge of basic music notation and rhythm. They will also be learning to play more notes on their flutes as well as explore how to compose a piece of music. The dynamics and volume of music will be a large learning part, looking at how much changes throughout a song and how songs differ completely from others.
Theme led learning: Humanities/Art/ DT	Our topic related themes this year are: St Paul (Class Saint), Victorians, a European country of choice (TBC in the summer term).
