

Alton Castle

As a class we took part in a 3 day retreat to Alton Castle. On our retreat we took part in a variety of outdoor activities which allowed us to experience new things that we had never done before. The activities challenged us, put our team work to the test and were all so much fun!

During our time at Alton Castle we focussed on the theme of discipleship and what we can do to be good disciples in our lives. Our theme encouraged us to work collaboratively with each other, supporting one another when needed.
